Property Description

THE LODGE' SITUATION Nestled in between 2 volcanoes, the Eco-Lodge opens the door to the awe-inspiring Rio Celeste (blue river) and the trails of the Volcan Tenorio National Park, the new growing product on the tourism scene in Costa Rica (only 5 km from the Lodge by the newly opened access way Bijagua/Celeste Mountain Lodge/National Park). The area is part of the Biological Corridor Tenorio-Miravalles. There was a planned intention to be a pioneer in the region. At 35 minutes from the Interamerican Hwy (major road in the country) At only 1 hour 20 mn from Liberia international airport (regular & charter flights from USA, Canada, Europe) Presently a new concrete Hwy is being built between Liberia and Cañas, which will reduce our driving time by 20 minutes. The Lodge is an ideal base to explore this region of great beauty, of exuberant nature and of pleasant inhabitants in this authentic Costa Rica that offers numerous discoveries and activities (hiking, nature, bird watching, floating or rafting, kayaking or tubing, horseback riding, hot springs etc).
