Property Description

Modern Masterpiece UNIQUE. That is the way to describe the architecture like no other in Manuel Antonio, the close-up relationship with nature, and the number of different ways this two-house property can appeal to a variety of investors. With over 8900 sq ft of construction, these two neighboring 4 bedroom and 2 bedroom homes can become your corporate retreat with an option to rent to vacationers, luxury rental villas, a boutique hotel, an upscale bed and breakfast or your own personal retreat. The 2 beautiful luxury homes sit on a naturally landscaped site in a prime, convenient and central Manuel Antonio location. Within a 10 minute walk from 2 different beaches, and approximately 5 minutes from a multitude of popular restaurants, grocery and gift shops, the location is ideal for any purpose. The whimsical architectural style is a perfect marriage of modernity and nature. Both villas are open to the jungle, yet the layout of the private and communal spaces allows one to enjoy the full richness and uniqueness of the Costa Rican jungle and its wildlife while maintaining complete privacy.
