

TULEMAR COMMERCIAL LOT

\$695,000

Reference: 07732

Manuel Antonio, Puntarenas

Property Type: Business • Lot Size: 1438.5 sq m •

• Status: Active/Published • Ocean View

Property Description

Tulemar is quite simply the finest residential development in the Manuel Antonio area combining a unique blend of direct frontage on the main public road, a secluded beach, 24-hour security, all underground utilities and many of the finest estate properties in the Manuel Antonio. Also included in the development are many of the area's most successful private home and villa rentals, which play host to an endless stream of high end and luxury guests from around the globe. The development itself has only a handful of lots remaining and we have the honor of representing the only remaining lot, which combines both access to the residential privileges of Tulemar, but also provides a lucrative commercial development opportunity. Lot 2 in Tulemar, which offers nearly 40 meters of direct frontage on the main road between Quepos and Manuel Antonio, is a truly unique investment and development opportunity.
