Property Description

Located on one of the highest bluffs in Manuel Antonio, this estate property has spectacular views all the way around. The property has a total of 6.5 acres, which have already been sub divided for future sales. One main house with four bedrooms and four and a half bathrooms sits on top of the property looking toward the southern zone of Dominical and the Osa Peninsula. The house has an open floor plan and is constantly receiving the cross winds from the mountain side as well as the ocean side. Currently there is a caretaker house on the bottom of the property. This house would be ideal to occupy with a caretaker for an owner who might only be in the main house several times yearly. Enjoy beautiful sunsets or the coastline of the southern Pacific while relaxing in the spacious pool. The entrance to the property is controlled by an electric gate for privacy, and a well maintained road leads you to the main house.
