Property Description

As you enter the home, the huge view greets you immediately. There are large sliding glass windows and real hard wood floors that have been recently reconditioned and a large modern kitchen. There is a nice pool and decks everywhere that could be added to create additional living areas or covered patios, which would substantially increase the living space. This beautiful luxury vacation home has 6 bedrooms and 7 baths spread out over 5 levels with a lower levels that could be built out to create an additional 2 bedroom, 2 bath unit with full kitchen, living room and dining room. The spectacular views from the huge deck make this a very special villa in Manuel Antonio. The house is designed so that 3 or 4 families could be renting at the same time.
