## Property Description

Enjoy unbelievable sunsets from the large infinity pool every day! The unique design, painstakingly designed by a North American builder, includes a main open-concept living/kitchen/dining area, with a separate nook with bunk beds that kids are sure to love! The gourmet kitchen has high-end stainless-steel appliances, including a five-burner gas stove and cooktop, dishwasher, microwave, and refrigerator. A beautiful custom-made wooden dining table seats eight and has a prime view of the ocean and sunsets! The patio doors off the dining area open wide to let the indoor living space flow seamlessly into the outdoor living space, with a seating area, a full outdoor kitchen, and, of course, the amazing saltwater pool! There are three full individual bedroom suites off the main area, each with beautiful floor-to-ceiling glass walls so that you can enjoy the view no matter which room you're in! The comfortable, spacious bedrooms are each their own individual cabina with ensuite bathrooms, including gorgeous, private outdoor showers, marble countertops, and ceramic basin sinks.
