Property Description

Villa Marrakech is the jewel of Langosta's and Tamarindo's row of beachfront luxury homes. It is purely designed for pure living. Welcome to our listing. You have reached the pinnacle of quality life in Tamarindo and Langosta. Simply stated, Casa Marrakech is the culmination of years spent abroad by one of Costa Rica's most famous architects, Abraham Valenzuela. Finite study of North African culture and architecture inspired him to build this masterpiece of design at the water's edge on Langosta Beach which is meticulously crafted with inlaid marble flooring, one of a kind art specifically designed by the architect to adorn the home, intricate iron workpieces, stunning brickwork, hand-painted fresco's, hand-hammered copper plating, and a plethora of large glass windows that bring the tropics inside the home. Casa Marrakech has the caveat that throughout the day, splashes of light and color, from ceiling mounted stained glass, dance through this luxurious 5 bedrooms 6 bath estate located directly on the majestic Pacific Ocean.
