Property Description

Lot #11 is over 1.3 acres and it has a very nice ocean view in front, a creek on the side, and a great big jungle-covered mountain view in back of the large building pad. For the person who is not afraid to get in early in a beautiful development that already has roads, water, electricity, and one built luxury home (the owner's), you really can't go wrong. At this price, this is the best deal for an ocean view home site in a gated community in the entire southern zone!
