Property Description

Casa Vellano, is in a safe and secure gated community in the Southern Pacific Zone of Costa Rica. This estate was lovingly and painstakingly contracted and built by a distinguished gentleman, for his bride and the love of his life. Every inch of this property has been meticulously crafted to enhance the beauty of the exotic materials used in construction, and to create a welcoming yet luxurious environment. Since his passing, this home is more than the beautiful bride requires, and so it is time to write a new chapter for her, and for this impressive property. The main house was skillfully designed to accommodate 3 bedrooms and 3/12 baths. Each room has a private bath, and great views. The master is, as you would expect, is a generous size with a very impressive master bath. His and Hers are complete, including separate toilets and vanities. The hand crafted custom tub is large enough for both.
