Property Description

Tierra Pacifica is an ideal ecological gated community, located just a mile from the beach at Playa Junquillal in Guanacaste, Costa Rica. It has been administered successfully by a strong HOA for more than a decade and it features unparalleled amenities, including a gorgeous pool, a gym, a tennis court, a yoga salon, two community barbecue areas and over three kilometers of hiking trails. This lot is your chance to find a home in this secure neighborhood for an affordable price - at just \$40,000, it is the least expensive property currently available within TP. The lot measures over 1.5 acres and has plenty of flat space for building a beautiful home nestled in the Costa Rican country side. It is located at the end of a private spur off of Tierra Pacifica's main road. Two nearby lots have already been purchased and developed, providing extra security. Water and electrical connections are installed and hookups are available very close to the property's most likely building site.
