Property Description

On very rare occasions will you find a property that has it all: privacy, stunning views, wildlife, excellent location, turnkey vacation rental program, high quality construction, handsome design, impeccable maintenance, manicured grounds - the total package. The Casa Sea Breeze is located 15 minutes from Dominical Beach in the mountainside area of Lagunas. The property is adjacent to a 100 acre private reserve and that reserve is adjacent to an 800 acre private reserve called "Baru," providing nearly 1000 acres of protected, pristine rain forest and all the bio-diversity, wildlife, beauty and exploring that comes along with it. The approach to the property is through a private drive which leads to a covered carport. Lighted walking paths meander to the main house, pool, and pool-side villa. On the southern side of the property is a two-stall garage below with a guest house above, all done in sturdy concrete masonry construction.
