Property Description

One of only a few homes on a select street, this 'garden lifestyle' jungle view home is an ideal selection for a couple who want to live in a simple, Pura Vida way. This is a great location for those who like to go for morning walks and for those who want an easy drive to and from their home. And bonus: there are ocean view pockets on this property for that glimpse of the Pacific! A short 5-minute drive to the highway and close to supermarkets and restaurants, this home is as convenient and prime as it gets in this price range. This is one of the very first ocean view homes that you can reach from the main road in this part of Ojochal. At over one acre, this pocket ocean view land has great value in today's market and this well-constructed 2 bedroom home is a great beginning for an investor who wants to grow the property's worth. Adding a cabin or extra bedroom and pool is well within this property's possibilities.
