Property Description

This home is part of the Senderos Luxury Community. Each home is exclusive & unique, designed carefully for each specific lot in Senderos. Each design carefully considers terrain, climate, the environment and adjacent properties. Clients choosing to purchase a lot and home in the collection will get the premium process, service and final guaranteed price and delivery date working with the Senderos builder of choice, Integer Construction. Elegantly placed on the slopes of Phase 2, this natural modern home spreads out to take in views of Playa Grande, Las Baulas Marine Sanctuary and sunsets over Playa Tamarindo. This visually stunning home was designed by the award-winning design team at Studio Saxe. They wanted to create a home that felt "light on its feet and to allow guests to move seamlessly between inside and outside." Indoor and outdoor spaces blend seamlessly as the open plan living/dining area flows directly to covered terraces in every direction.
