Property Description

The most luxurious 5 bedroom, 5 bath, A/C home on Costa Rica's Pacific Coast! The Villa Pelicano sits on a five acre private estate with 180-degree ocean views 500 feet above sea level. Integrated harmoniously into the natural landscape of Manuel Antonio's jungle hills, nestled in a private forest of tropical gardens, the residence is surrounded by unspoiled vegetation and gives you the feeling of total seclusion. The indescribable sunsets are sure to awe you as well as the spectacular views of ocean, coves, points, coastline and distant mountains. Upon entering the home the 2 story cathedral ceilings will awe you as will the enormous size of the living, dining, verandas, pool, bedrooms, baths and walk in closets. The first four rooms are all masters, each with King Size bed, high ceilings, spacious areas, with glass sliders allowing you to feel the fresh breezes off of the ocean. There is a Jacuzzi tub to pamper you, air conditioning to keep you cool, large verandas to take in the panoramic views and to see the monkeys and other various types of wildlife passing through the trees.
