Property Description

Casa Big Game in Los Sueños Resort & Marina is one of the most unique single family homes in all of Costa Rica. Located in the Eco Golf Estates Community this 7,000 foot square foot home is one of the largest homes in the resort. There are six large bedrooms on the two story floor plan with a cathedral entry way and huge roof top terrace with Jacuzzi. The kitchen is any chef's dream with granite counter tops, a large island, and pass through bar to the dining area. Originally designed by Belgian designer Petra Bussche, there are soft and elegant representations of the African Savannah that aligned with the original owners affinity for African wildlife. The decorations bring in an Eco theme of Costa Rica and the rain forest where the house resides. Eco Golf Estate homes are like having your own Costa Rica hideaway within a gated community where no one will bother you. Privacy and elegance in a secure community to make this one of the premier properties in Los Sueños.
