Property Description

This 24 acres farm is located in Matapalo just off the main highway and very close to the regional airport in Quepos and the new marina as well. The land consists of rolling hills and flat terrain many natural areas to build with incredible ocean and mountain views. This farm is perfect for development with an easier ability to obtain permits for roads and building sites. The property is planted with teak which is being harvested at this time. The terrain sets itself up nicely for a master planned community with privacy from neighboring properties. This could also be a self-sustainable private ranch estate. Only 12 to 15 minutes to the regional Quepos airport and 20 minutes to the new Marina in Quepos, easy access to Matapalo beach about 5 minutes driving, this is an ideal mountain location! With lots of wild life. Water and electricity are located on the property. Easy access.
